Hello,

My name is Gabriella Stevens. I am a high school junior enrolled at York County School of Technology. I am in the Technology Student Association (TSA), an organization that focuses on encouraging students to learn to lead in a technical world by through various science, technology, engineering, and mathematics competitions. I am working with a team to make a website for one of those competitions. The theme this year is to make a community resource hub. I wanted to ask you if we (myself and my team) could request copyright permission to include your webiste link and logo to our community resource hub. This permission would have to be written. The website we are making has the potential to be used to help make more people aware of the resources we have available in York County, so if you are interested in helping us with copyright, please respond to this email. Thank you so much for your consideration, and have a great day.

Sincerely,
Gabriella Stevens

Hi Gabriella! The project sounds fun and I thank you for wanting to include us.

Here is the link to our website; www.cilofyaf.org and our logo is attached.

Let me know if there is anything else I can help you with and good luck on your project!

Hillary

Yours towards greater independence,

Hillary Hasson

Hi Hillary,
Thank you so much for your cooperation! This is exactly what we needed. I do want to clarify one more thing though; does this email serve as proof of permission that you and your organization allow myself and my team to use your website link and logo?

Thank you again,
Gabriella Stevens
